About us

Service to Mankind is a student-run non-profit organization.

- Our aim is to fully meet the basic needs of orphans and the needy. We are trying to find those kind-hearted people who really want to change other people's lives.
- Our NGO is just a medium for the needy and helpers. We are working on the development of human life by doing several things like education, health, and helping elderly people.
- Our vision is to bring change to society by spreading smiles in everyone's lives. STM is a platform with many volunteers and a team that contributes to a change in society.

LOVE ALL SERVE ALL

We firmly believe that everyone deserves the best chance for a bright future. This is why we work on the below themes.

We work mainly on five themes:

Theme 1: A rupee a Day

We believe that even one rupee has the power to change the world. We started a simple concept of "one rupee per day" to help needy people by contributing Rs. 1 per day. So, when it comes to the entire month, it comes to Rs. 30/-.

Theme 2: Drive and Research work

One of the best ways to help the poor and needy is to participate in drives. It is not so necessary for you to donate money, but there are ways to help them. We conduct various drives like..

- Blanket Drive
- Books Drive
- Food Drive
- Clothes Drive

Theme 3: Blood Donors

Blood donation is the act of donating healthy blood to needy people. The main reason for donating blood is to save lives. It is a sign of humanity. Millions of people owe their lives to people whom they will never know or meet in their lifetime.

Theme 4: Animal care

Animals make up a majority part of our lives. They give us joy and innumerable memories which we continue to cherish even if their lifespan is short lived. Many animals are mistreated in our society and harmed them in countless ways.

The majority of them are homeless, and some go without food for days and are highly malnourished. We conduct drives often for our lovely furry friends.

Theme 5: Special Occasion Celebration

There are various ways and great ideas to help you celebrate your birthdays and all other special events, like providing food to the needy, which is a great feeling. So celebrate your birthday with them and try to make them be a part of your lives whenever possible.
